 3. A copy of child's birth certificate is required.

Check our prospectus on the website "www.northsideschool.net"

Northside Primary School Admissions Policy

Children enter the Reception year in the year that they turn 5, if they turn 5 before 31 May. Children turning 5 after 31 May, will be admitted the following year.

Registration

To register a child, an application form must be completed and a registration fee of P200.00 paid.

A copy of the birth certificate is required to confirm the date of birth.

If a Founder Member is applying, a blue Founder Member form must also be completed and signed by the Managing Director of that Company.

Applications for places in Standard 1 to 7 should be accompanied by the student's most recent school report or portfolio of work.

All applicants are assessed to determine appropriate placement, and the final decision regarding placement rests with the Northside Primary School administration.

Parents of a student receiving any special support, such as remedial support, speech/language therapy, occupational/physical therapy, or seeing an educational specialist outside of the regular classroom, must inform the school upon registration.

Assessments

Every student will be assessed prior to a place being offered.

Assessments for Standard 1 to 7 are only offered once a place becomes available in the relevant standard.

Admission may not be possible if severe learning / emotional problems are identified.

Readiness Assessment for Reception

The School Readiness Assessments, for children who are on the Reception Class waiting list, are held at the school in the July prior to the admission date.

Children are assessed on developmental, social and emotional maturity. Children who are considered not ready for formal school are invited to return for re-assessment the following year.

Waiting List

Year groups reaching the maximum size limits will continue to accept applications, which will be placed on a waiting list.

When a place becomes available, the next student on the waiting list for that year group will be called for an assessment.

Applications are entered on the waiting lists in the following order:

1. Siblings
2. Staff
3. Founder Members/Debenture Holders
4. Date of application

Waiting lists are ordered by the date of registration.

Preference is normally given to children who are not in a school.

Applications from Founder Member / Debenture Companies, staff and siblings have priority on waiting lists providing they meet entrance requirements

Periodically e-mails are sent to parents of children on the waiting lists to confirm their wish to remain on the list.

Enrolment

Students may enrol at any time during the school year, which commences in January and runs through to December.

Once an application for admission has been approved, parents will be asked to arrange fee payments. This act completes the registration process and the student can begin classes as per arrangement with the school administration.

There are three classes from Reception, to Standard 6, labelled A, B and C for convenience. Class numbers are approximately 24 each. There are two classes in standard 7 with a maximum of 27 students. A teacher aide is allocated to each class from Reception to Standard 2.

Admissions of Pupils with Disabilities

The school is only able to accept pupils with mild to moderate learning needs, i.e. those pupils who can work successfully in a regular classroom with the support that our Learning Support staff can offer.

In special circumstances the school may accept pupils with more severe learning needs. The parents must meet any additional costs relating to this acceptance, i.e. for a personal tutor.

It is important to note that the ongoing enrolment at Northside Primary School for students with special needs, will be based on the students' ability to function within the regular programme and the special needs support currently offered by the school at a particular standard.
